

PERMAX means peace and quiet.

Noise pollution — sirens, cars, motorcycles, planes, barking dogs, construction — can affect sleep and increase stress. Everyone needs peace and quiet. PERMAX helps deaden the sounds of the outside world; creating a tranquil environment.

PERMAX IS A SAFE, NON-TOXIC PRODUCT WITH NO OFF-GASSING, NO FORMALDEHYDE AND NO OZONE DEPLETION.

Case studies document up to 48% reduction in utility bills.*

* HONEYWELL REPORT, RESIDENTIAL INSULATION CASE STUDIES.

	Fiberglass Batts	Closed Cell Polyurethane	% Annual Savings
CASE STUDY #1 2 one-story, 2,450 sq ft homes, Sacramento, CA	\$2,239 electric \$ 477 gas \$2,716 total	\$1,107 electric \$ 306 gas \$1,413 total	48% reduction in utility bills

CASE STUDY #3 2 1,800 sq ft homes Atlanta, Georgia	average monthly utilities \$143.76 total	average monthly utilities \$89.64 total	38% reduction in utilities

TODAY'S SMART HOME BUYER CALCULATES THE COST OF HEATING AND COOLING BEFORE THEY BUILD OR BUY.

SMALL INVESTMENT. HIGH RETURN.

For the home in case study #1, the cost of rolling PERMAX into a 30-year 6.5% mortgage would be \$58 per month. The savings in heating and cooling costs would be about \$108 per month.

You can expect similar results in all areas of the United States.

That's an incredible return on your investment!
